Civil, Survey, and Construction solutions

HARKEN-REIDAR-A LEADER IN SOFTWARE SOLUTIONS FOR CIVIL ENGINEERING

Our skills in this arena will help your firm develop a proprietary advantage over the competition. This generates new revenue and new clients when they see how you can provide enormous cost savings to their projects. **SiteOps Never sits on the shelf!**

Annual Subscriptions: 2D Design- \$2,995,

3D Unlimited - \$10K-19K

Training: \$2K/person

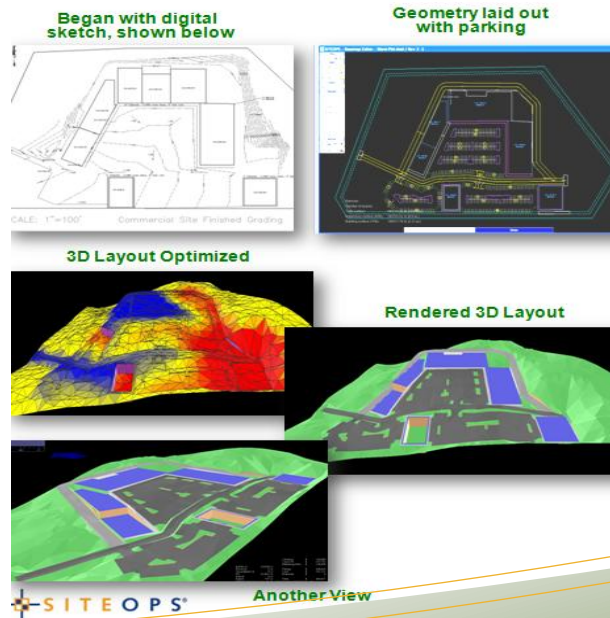

\$5K/Site

- **SiteOps Dealer and Trainer**
- Autodesk Authorized Training Center
- Bentley Partner
- Carlson Software Reseller
- Carlson College Founding Partner
- Continuing Education (CEU/PDH)
- Authorized by IACET for CEU's

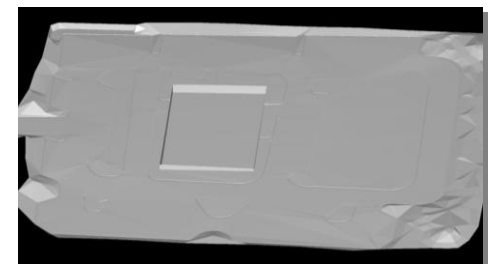

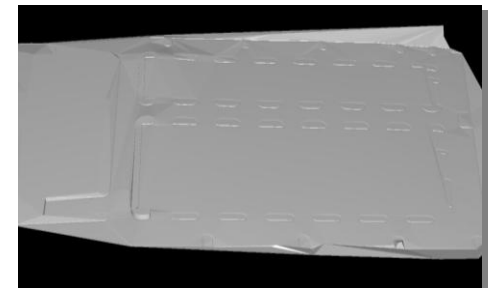

- A New tool for your toolkit
- Unique "**Game-Changing**" Product
- Patented Optimization algorithms
- Automates planning, preliminary engineering
- Works for 2D & 3D design
- Offers value engineering analyses
- Provides cost estimating for alternatives
- CADD Agnostic, No IT Impact, SAAS
- Protected, Secure environment

SiteOps Project - ½ Hour Effort

- Perform **Millions** of Site Analyses & Alternatives
- Marketing advantage over competition
- SiteOps offers automation where none exists – Conceptual Layout, Preliminary & Value Engineering
- Performs geometry layout, grading, site balancing & piping
- Includes subsurface cost analyses, unsuitable soil, subsurface water, rock, topsoil strip/replace, takeoffs design to subgrade
- RSMean catalog costs Included

- **SiteOps Is NOT:**
- A replacement for what you have
- Is NOT a final design tool
- Is NOT a license hog, releases upon Submit

WE'VE WORKED WITH A DIVERSE CUSTOMER BASE, WORLDWIDE. HOW CAN WE HELP YOU?
